Cloverykins is a black popular artist on instagram and tiktok, She is mainly known for her kawaii anime art style, 4chan references and bringing the old 2010s meme era into her art.

Sadly because she went onto the rabbit hole of 4chan she started drawing more controversial things. the main one being referencing/taking inspiration from lolicon content, later transform grotesque animal abuse popular videos into lolis, even as far as associating with a pedophile/nazi/school shooter and serial killer fanatic/rapist/racist adult named Catcel, she also fat shames anyone who calls her out on her problematic content till the point of even sharing their profiles on her story for people to harass on them. and at last her incredibly toxic and repugnant discord server full of minors witnessing all of the content warning listed above.

I recommend that everyone who either follows cloverykins, are mutual friends of hers, heard rumors about all of this, etc to read this detailed document on cloverykins and to witness the unacceptable things she has done. I also recommend saving this document if it ever gets deleted/taken down from google. I will try to make an internet archive of this document and a copy of it.

I ask you to please come forward with information on Cloverykins's behavior if you have it. You can send screenshots or videos to @4chanlarp cloverykinsus on twitter. Staying silent only helps her.

I have divided all into sections of things Canihavepromo has done/been involved in. Each discussed in this Document. (Evidence and extra detail information provided)

1. **Lolibait/pedophilia artwork**
2. **Gore art/animal abuse depictions**
3. **Catcel association with cloverykins**
4. **Romanticizing real life serial killers/r@pists/cannibalism**
5. **Racist/ n@zi symbolism**
6. **Fatphobia/bullying/Use of slurs**
7. **Discord server/bullying/harassment**
8. **Threatening /Having fans attack others**

1.Lolibait/Pedophila Artworks

Cloverkyins has drawn many **illustrations that depict young girls or lolis in very suggestive and lewd ways**. This usually includes turning adult characters and giving them more childlike features.

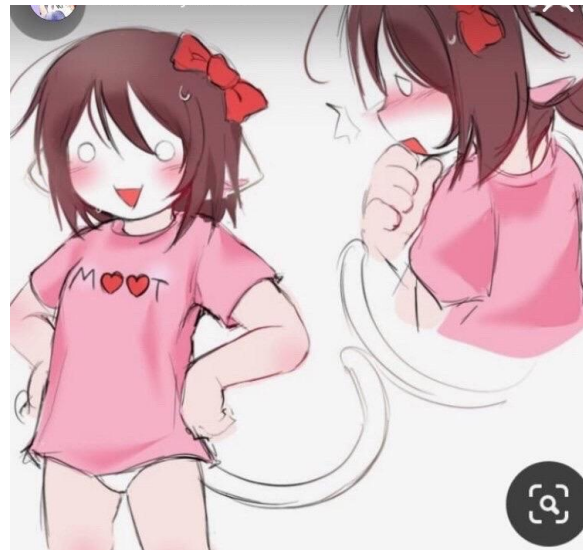

For example; Moot-chan originated on 4chan. She is typically drawn as an adult but, **when Lottie draws moot-chan is seen to be smaller, short, and with baby fat making her look more younger and child-like.**

There's nothing initially wrong with moot's original design but if an adult character is in their underwear maybe it's best to keep them an adult and not draw them as a little girl.

Normal moot-chan:

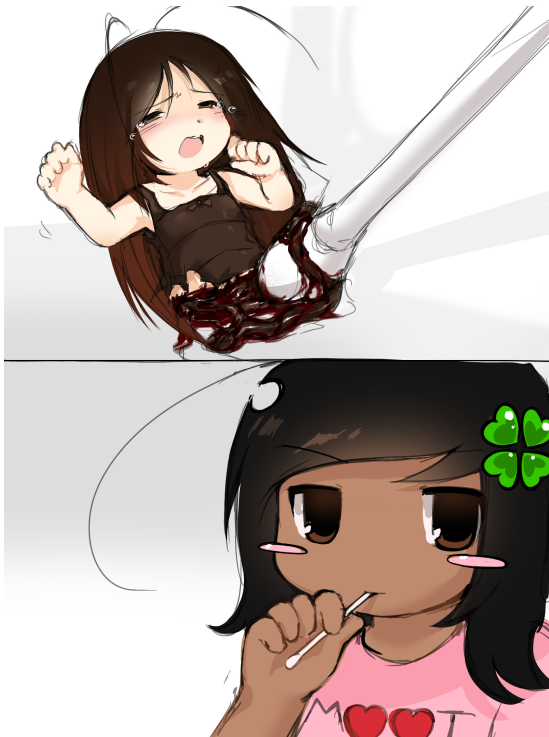

Lottie's moot-chan

v More art of lottie's moot-chan v

Another example of Lottie turning characters into children. Asuka and Lain are teenagers in canon but **cloverykins likes to draw them younger and more child-like**. Same with Yotsuba, canonly she's 5 years old but cloverykins **will draw her even younger**. She also has a thing of turning regular memes or characters into lolis going as far as giving them extra detail on their chest, having them on skirts or dresses.

ZANKURO INSPIRED & ADMIRATION

Zankuro is an infamous hentai artist most known for their lolicon artwork. If you look up their art on social media, like their Pinterest, you get little to no results due to how explicit their illustrations usually are.(if you have safe mode on)

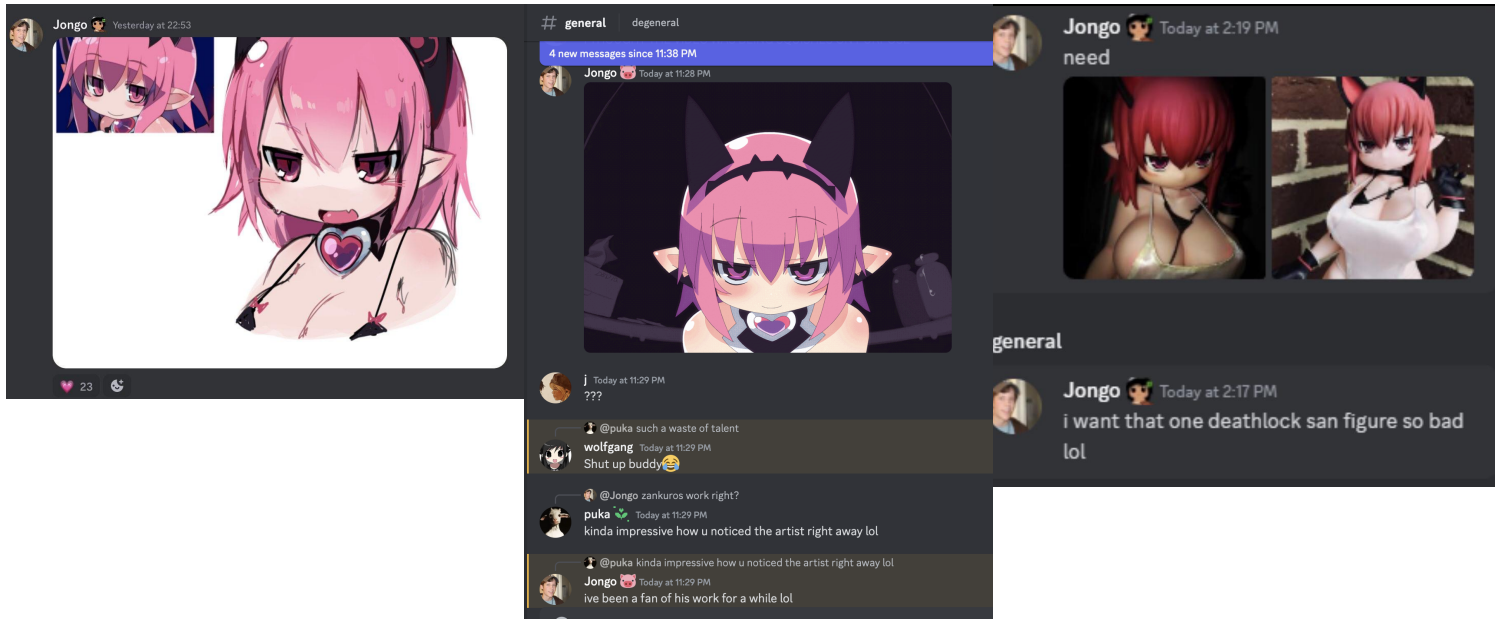

Above are Zankuro's barely "SFW" artwork that I found on Pinterest. Most of Zankuro's "SFW" illustrations are still considered loli-bait.

Below are the artworks heavily inspired Zankuro art that Lottie drew:
(Cred: @Canihavepromo) ↓

The drawing that Cloverkins made shows a petite, younger looking girl with a matured chest wearing a two-piece bathing suit. **It is clearly very suggestive with the two pieces being very thin and other features. (Chubby limbs and stomach common with toddlers/babies.)**

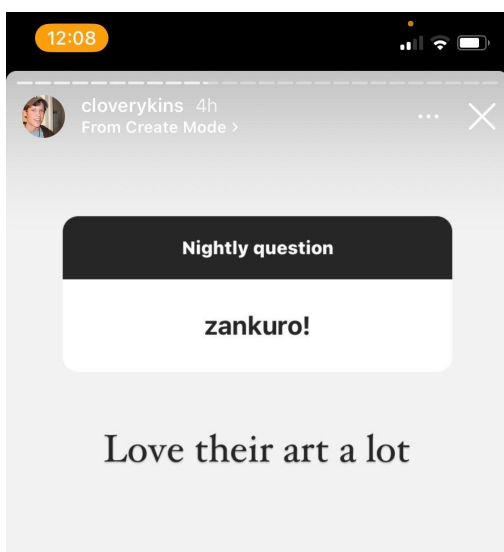

Lottie saying she **“needs”** a figure of, a NSFW loli figurine of Zankuro’s original character and making fanart for the same character.

Cloverykins’s response on Zankuro-

Separating art from artists is always valid, however, when the character designs you call ‘great’ are little girls with large breasts and revealing outfits, that’s when it becomes unacceptable.

Also, Zankuro mainly draws NSFW loli art, I don’t understand what can be so appealing to her, considering she's a minor.

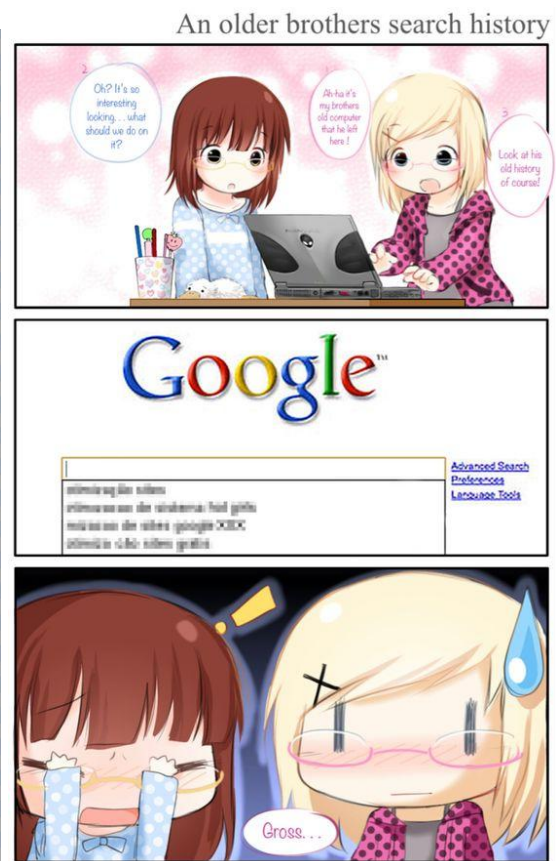

More examples of Lottie's Lolibait art.

A lot of the younger/child-looking characters **Lottie draws** are in their underwear, very tiny short/skirts/dresses, oniisan/older brother - Hidamari Sketch reference

Other softcore loli bait is her toddler/children artworks, all of these artworks are in reference to Moetan, Made in Abyss, and Ichigo Mashimaro art styles. They all have jojifuku or cutecore outfits, blush on their knees, shoulders, hands, and cheek with all innocent poses like eating food. She draws these characters with child-like characteristics, with the baby fat and chubby limbs.

ALL OF THESE ARE COMMON LOLI TROPES

(These styles wouldn't be considered chibi. That argument is invalid as they are in reference to popular lolicon artists and the proportions are way off from the typical chibi art style. The art style at the bottom of "An Older Brothers Search History" comic by Lottie would be considered chibi)

These body pillows of Osaka and Yotsuba that Cloverkins made for commissions.

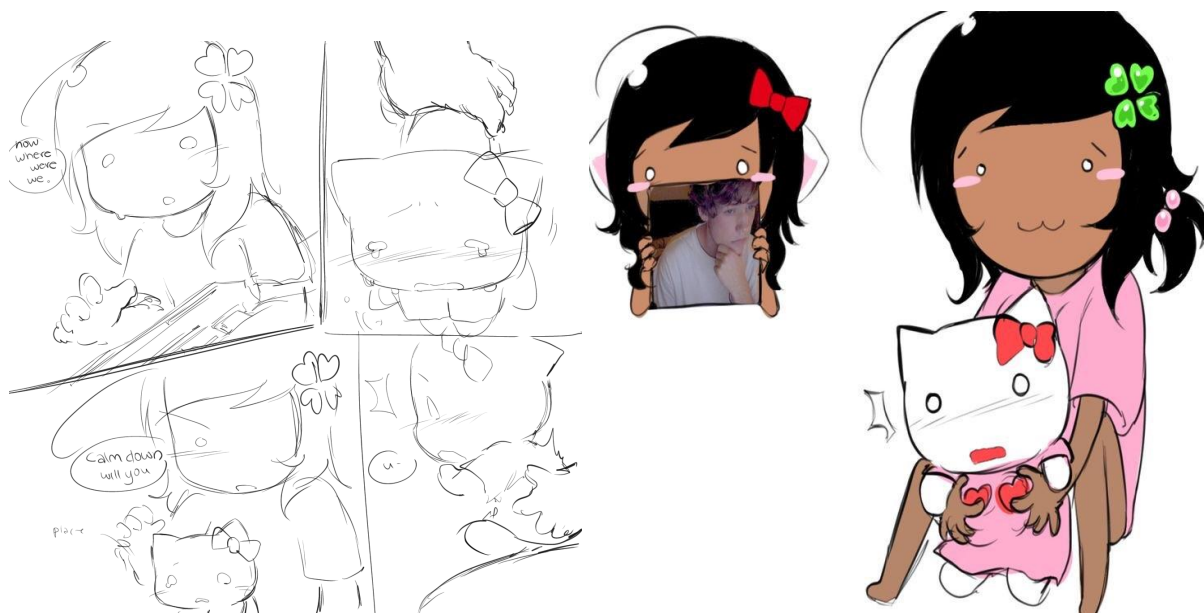

(If you cannot tell what the girls in this photo are spelling with their hands, it's the acronym NEET which means "Not in Education, Employment, or Training")

Another fun fact is Lottie likes to draw her persona sexually assaulting a cat, "moot kitty"

Bury Pink Gril

The Origin of Burypinkgril starts from an artwork on 4chan of a user posting Madoka Magica hentai, including recolors of Madoka, Homura, and Mami. All of which are in the 8-9th grade and are around the ages of 14-15 years old canonically.

Origin

The original illustration of the anime-styled girl with pink background, blue hair, red hair bows, and green eyes is related to the *Madoka Magica* series. The illustration was cropped from an awkward looking *futanari* artwork, which was drawn by gbb for a drawing chat thread in "may" of the /b/ boards in *Futaba Channel* (2chan). Then he reposted it to his *pixiv* page on May 6th, 2012.^[1]

The first known use of the phrase was on 4chan's /s4s/ board thread on November 8, 2013.^[2] On the same thread, a message with the same image featured the message "she is bury pink girl", name that later would be given to the fanart crop.

So...rudeuuhhhhhgh

^ Lottie/canihavepromo/cloverykins has made artwork including the burypinkgril. ^

In this drawing Burypinkgril or Madoka is shown eating ice cream. The drawing itself already looks weird but the ice cream trope is a common trope among loli cons and is used in a lot of loli bait and even normal anime, it's supposed to be suggestive. Also, their proportions are very child/toddler like. Short height with chubby limbs and stomach.

Stickchan

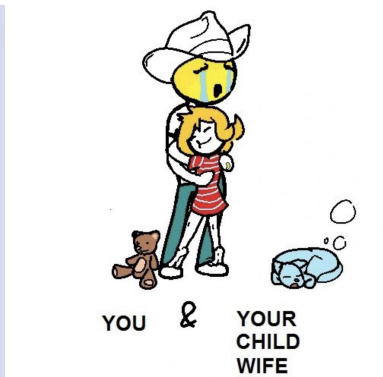

Stick-chan: Stick-chan is a character originating from 4chan, depicted as a blonde little girl, **created to make fun of and mock antis. (People who do not like pedo's and lolis.)** In Stick-chan artwork, you will often see crying faces in or surrounding the character. Due to this stick chan character, the crying emoji overtime became a signal/indication that pedo's use to communicate with one another.

Some phrases that signal pedophile/stick-chan to look out for.

- "Uohhhhhhhhhhh!"
- The term "cunny."
- The crying emoji, usually paired with the red, angry, vessel emoji (🤔😡)

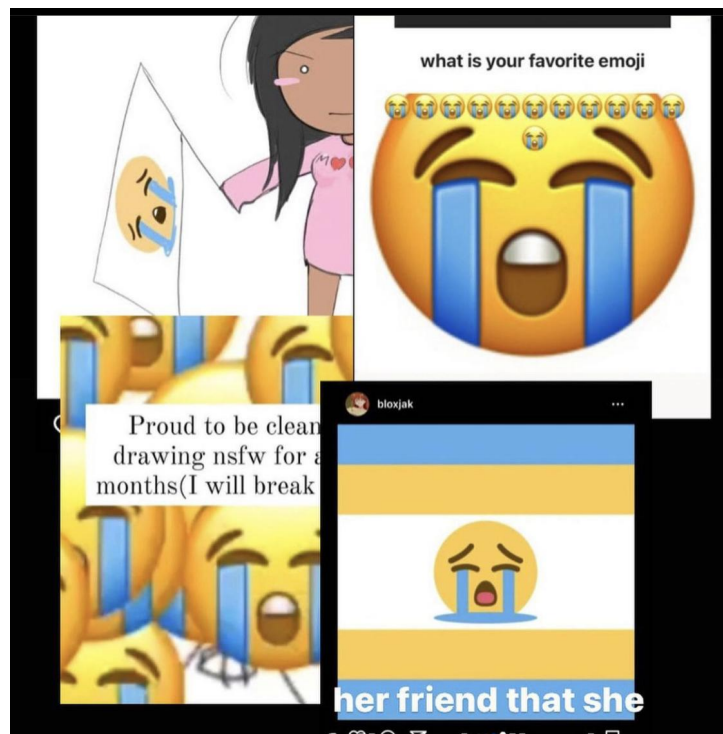

About

"Uohhhhhhhhhhh!" is an onomatopoeia representing an exclamation of excitement. The word is typically associated with loli characters and the loudly crying emoji 🤔, after a Japanese Twitter user used the phrase in response to a picture of an anime child. The catchphrase became commonly used as a joking reply to underaged characters or art before seeing more ironic usage in the early 2020s. The phrase is also associated with the word "cunny," which is slang for loli and hentai imagery.

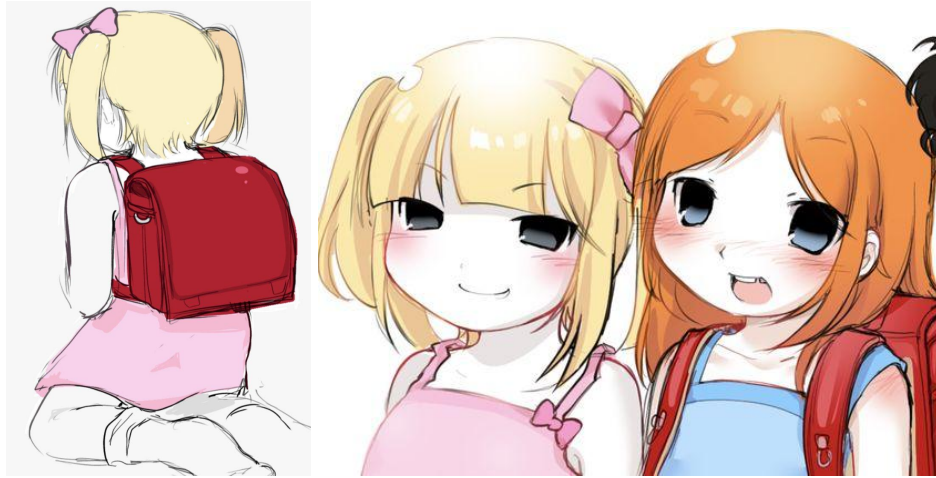

There's photo proof Cloverkins has drawn Stick-chan. She also seems to have an obsession over the crying emoji, plastering it all over her story and even seen post flags of it. This behavior seems normal until you realize that she's referencing these pedophilic signs

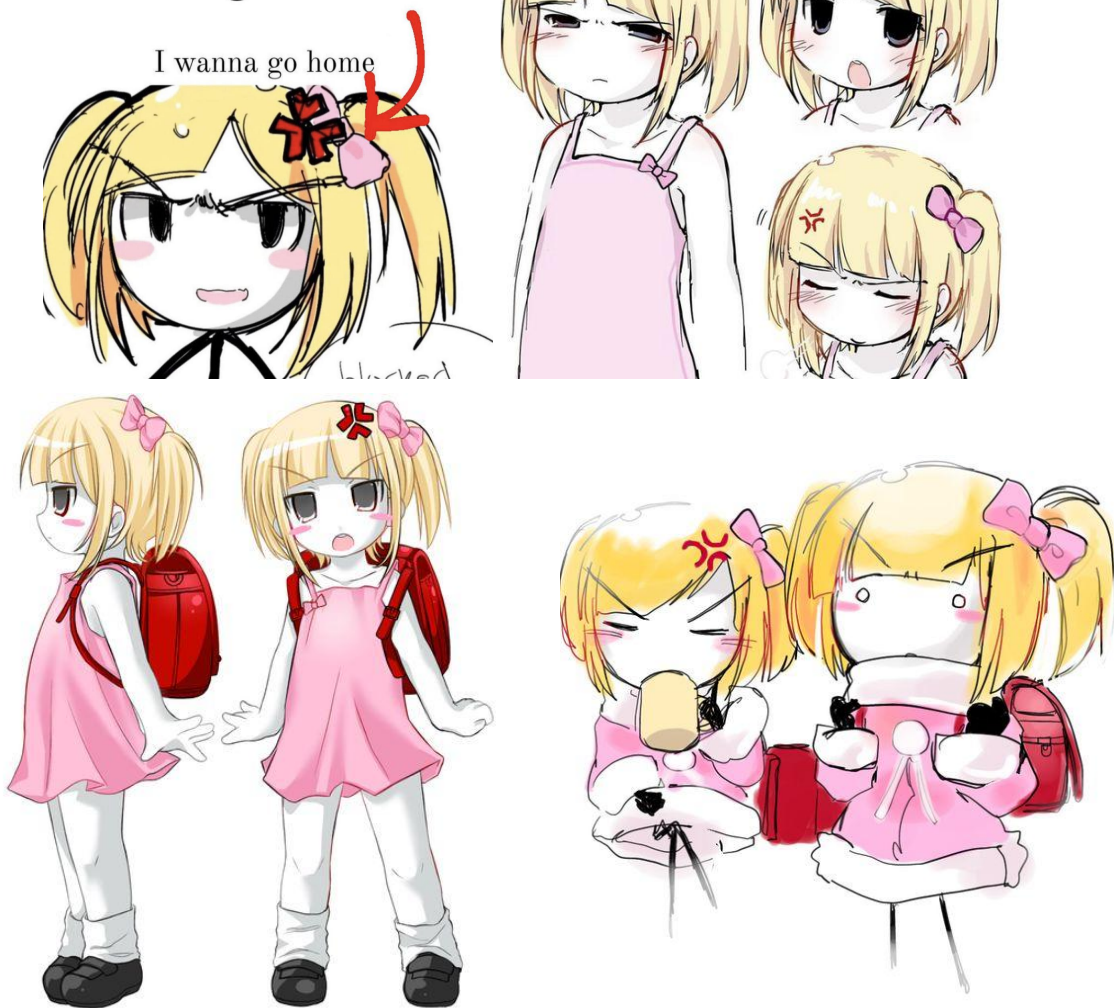

Below are some of Cloverkins drawings/stories from instagram involving these terms/emojis/characters.

v Cloverkins art of Stick-chan v

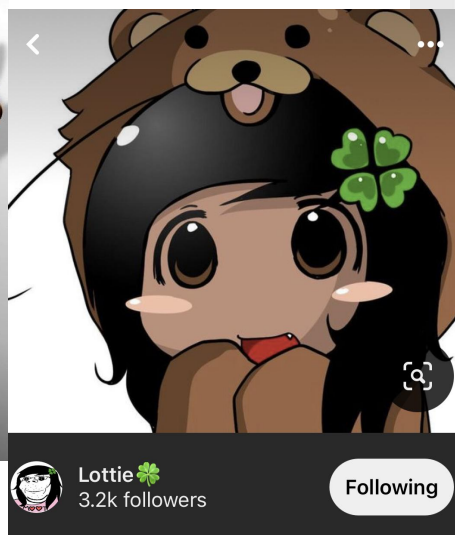

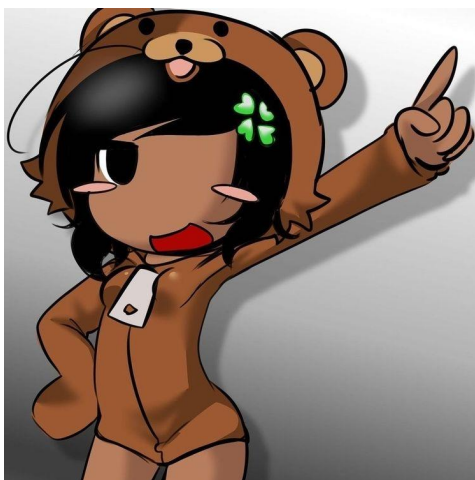

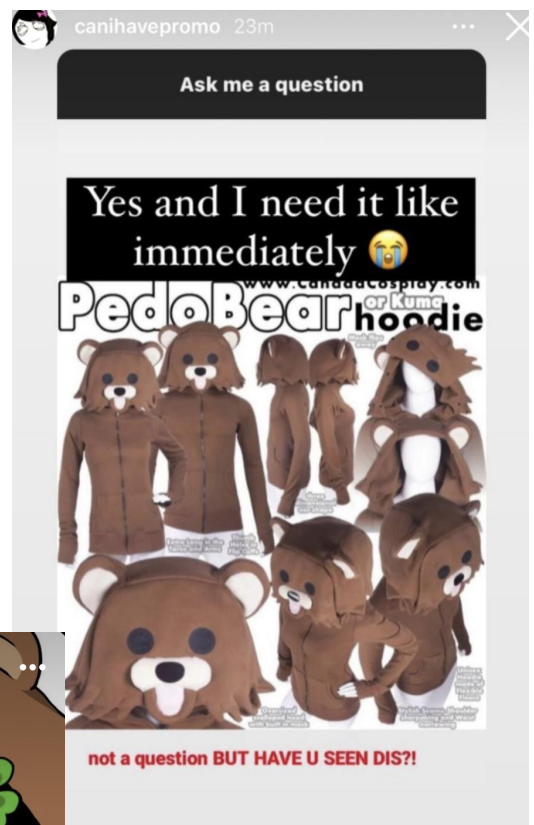

Drawing Lottie did

Pedobear

The pedobear is exactly what it sounds like. A pedophile bear. This bear is meant to represent pedos/MAPS. (Photo of character)

Cloverykins is seen drawing herself/persona wearing a Pedobear onesie, and obviously liking the aspects of pedobear.

As you might have noticed Cloverykins has drawn references of pedophilia/cp into her art and characters,

As of lately many characters Cloverkins has drawn has ended up having some type of backstory with Pedophilia/CP or she will add her own touch to the drawings that give them that.

2. TW/// Gore/Animal Abuse Art

Shovel dog

Shovel dog is a video that circulated around the internet. It is a very **graphic gore video** of a man ruthlessly beating a dog with a shovel. **Do not search this up.**

Cloverkins has drawn photos of this dog, in their art style as a loli being abused with a shovel or shown carrying the shovel. **She has stated that this is, in fact, a depiction of the dog from the video.**

Commenter: "Aren't you the person who made a oc or art based on shoveldog?"

Lottie: "Yeah what about it."

^ Lottie's art of the shovel dog. ^

It is also seen on her discord server that they added earrape audio of **hard r slur** and a short audio clip from **the gore video shovel dog**

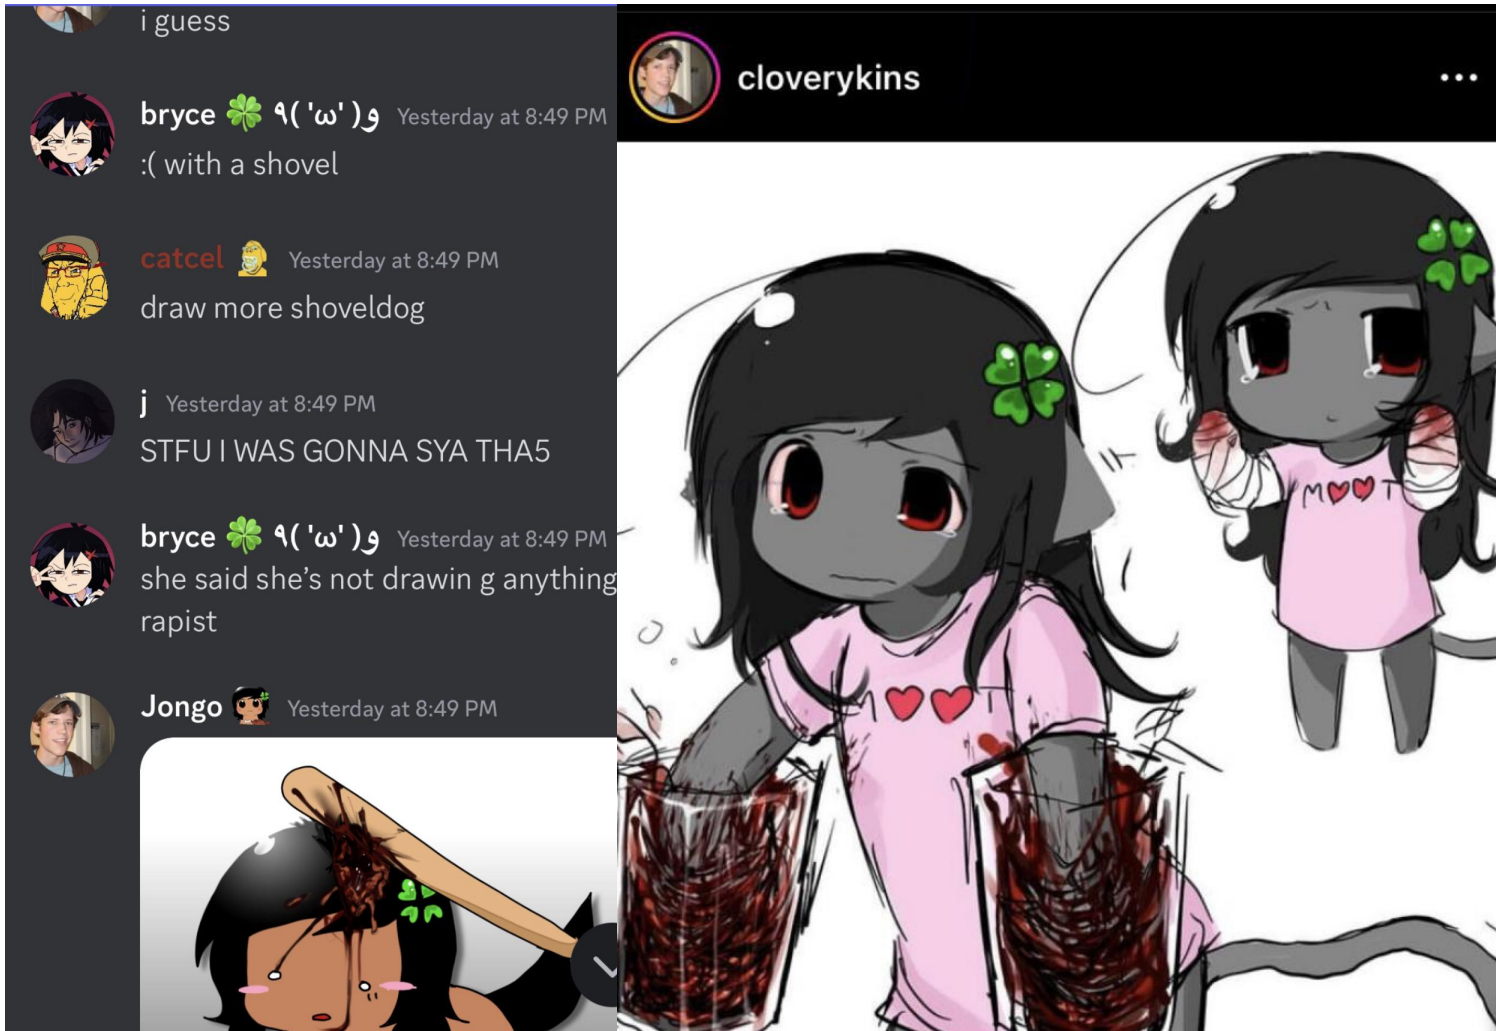

Lottie is also seen on her server having a soundboard. This sound board contains audio of the **hard r slur** and an audio clip from **the shovel gore dog video**.

Cat blender:

Cat blender is another gore video made in May 2023. that surfaced on Tik tok and Twitter. A man (Xui Zhihui) in China is seen abusing cats for fun, as the video depicts a kitten shoved in a blender, blended, and put in a microwave. It is very graphic, **do NOT look it up**.

Lottie is seen drawing art of her cat fursona with their body parts being chopped up by a blender.

3. Catcel Association with Cloverkins

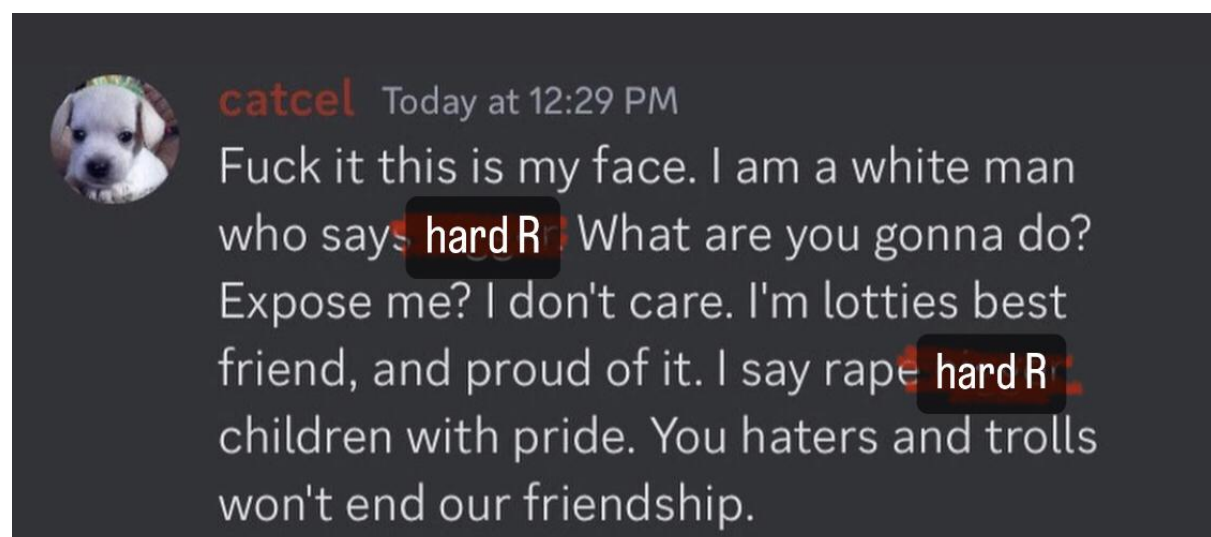

Catcel

Also known as

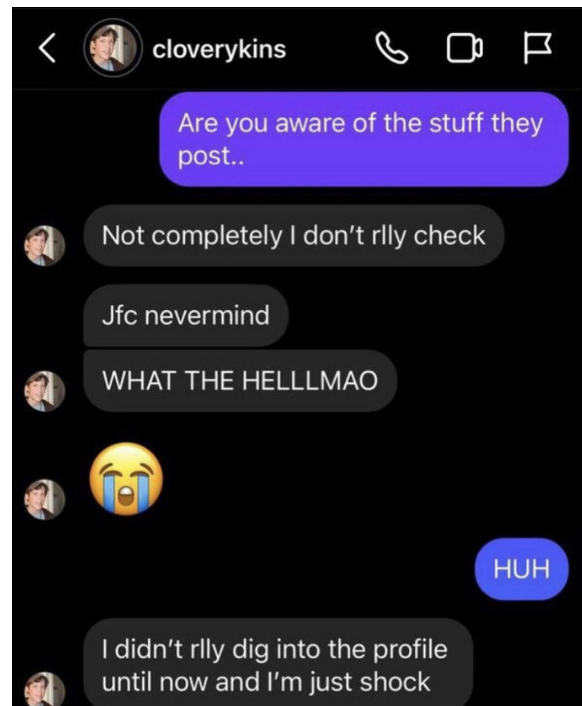

- @Bloxjak
- @Soybooru
- @Kittymound
- @Catcel
- Pinterest - <https://pin.it/3GsKlzi>
- Instagram, - <https://instagram.com/bloxjak?igshid=MzRIODBiNWFIZA==>

Catcel/Bloxjak, has stated he is an **18 year old white male**. He is known for having association with Canihavepromo/Cloverykins, **she has made artwork dedicated towards him**, and is **currently an admin on her Discord servers** (she has two.)

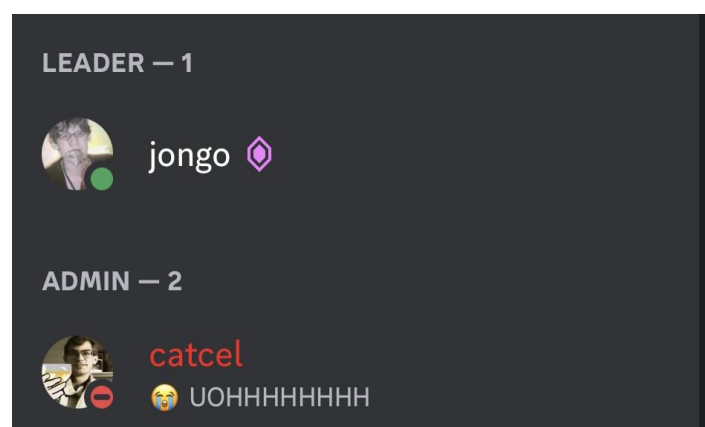

Catcel takes interests in things such as **Nazi imagery, pedophilia, r@pe, lolis, Jeffree Dahmer, Nevada-tan, Adam Lanza, Stephen Paddock (Shooter of 2017 Las vegas), John Wayne Gacy**, etc. On his Tik Tok, Instagram, and Pinterest you can find everything that he has posted/saved which includes all of these things. He **interacts with minors** on Lotties server, always making weird jokes like how **he wants to date little girls and r@pe them**.

In the past **she has stated and lied about having any association with Catcel. When confronted about his problematic posts and interests she denies knowing anything of what he posts and that she doesn't consider him a friend** as shown on the screenshot below. Although, many pointed out the fact that **she only follows two accounts**, both of which are his, and that **Lottie interacts with him frequently**. There's picture proof of this. Catcel also was made an admin by Lottie in both of Lottie's discord servers. Even though Catcel frequently says problematic things, like the screenshots posted here, **she keeps him as an admin while not showing any concern about the things he's saying**.

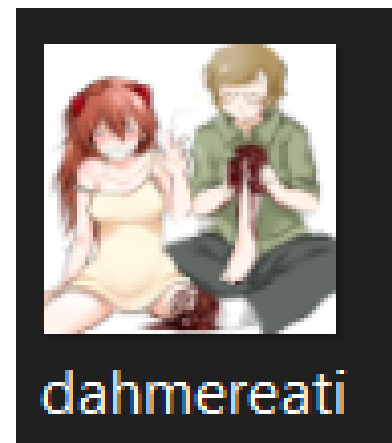

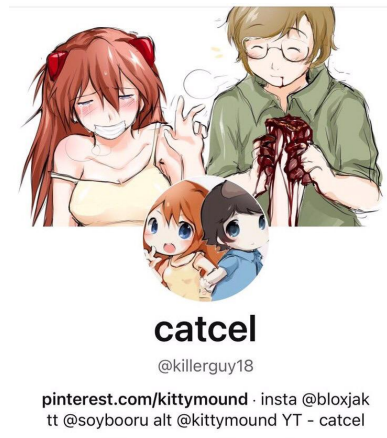

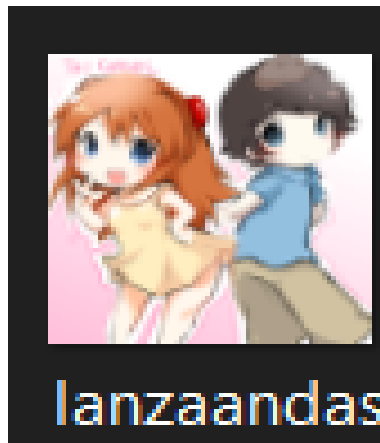

Her excuse for keeping him as administrator is “He isn’t my responsibility” when all she has to do is remove his administrator role.

3. Romanticising Real life serial killers/R@pists/Cannibalis

Lottie has also drawn Adam Lanza and Jeffery Dahmer for Catcel. Both of these

included Asuka Langley from Neon Genesis Evangelion in them.

Adam Lanza (School Shooter)

Adam Lanza is known as the **Sandy Hook Elementary school shooter** that happened on December 14, 2012. He was 20 years old and **killed 26 innocent people, twenty of the victims were young children and the other were adults/teachers. He also had pedophilic tendencies.**

Jeffery Dahmer

Jeffery Dahmer is known as the **Milwaukee Cannibal**, he is an **american serial killer/sex offender** who has **killed and eaten seventeen male victims** during the 70s-90s.

In the art shown, Dahmer is shown eating Asuka's leg.

about the Dahmer and Asuka art.

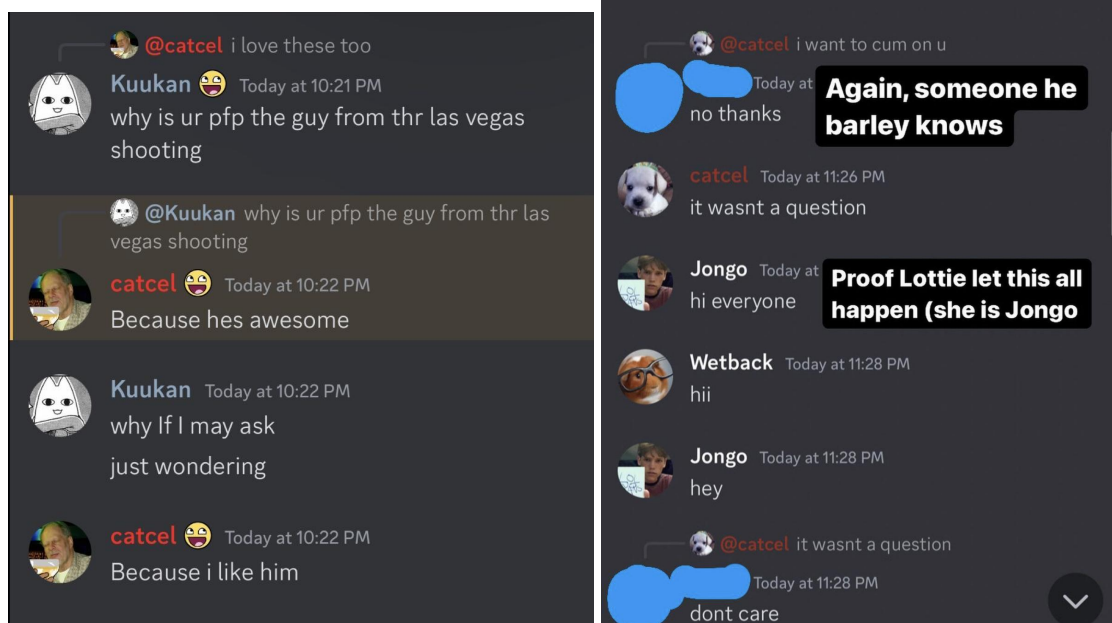

Destruction of Daisy

Destruction of Daisy is a **disturbing CP video**. Do not look it up or try to search for it, it is extremely triggering and **ILLEGAL!** STAY CURIOUS!

Catcel has been seen interacting with Lottie in her comment section joking with her about this video.

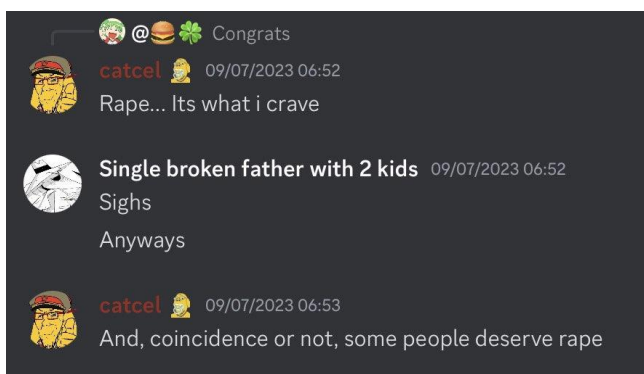

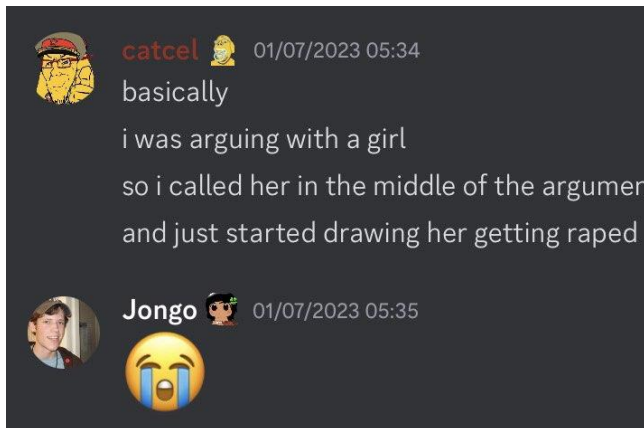

Ironical or not, that video is extremely sad and joking about it is wrong.

Catcel being a grown man **constantly having a minor draw real school shooters and cannibals for him is extremely concerning**. They are **offensive and possibly harmful to Lottie and every other minor in her servers interacting with him**. If you speak up about anything **he says or does you're immediately banned or muted**. This is the person Lottie chose as an admin.

He has also said **he has drawn/liked raping people** (as you may have seen from some of the images above) and that some people deserve it. Satire or not, it's reasonable to take it seriously that he actually likes this stuff as it's treated as a casual and "funny" topic for him. it

4. Fatphobia/Bullying

When people call out Lottie for valid reasons, her response is always to **bully their appearance and weight rather than give a genuine excuse or apology for the problematic things she's done.**

She calls them names, makes **offensive and/or fatphobic insults** about their appearance. If someone posts awareness of the harmful and offensive things she says, instead of providing valid excuses or apologizing, **she posts their account and face (if they show it) publicly on her story for her brainless followers to go and harass them.** She may not explicitly tell her followers to go harass people but anyone with a brain and a following would know what happens when you post someone's account publicly.

Most of the people she fat shames and bullies are children too.

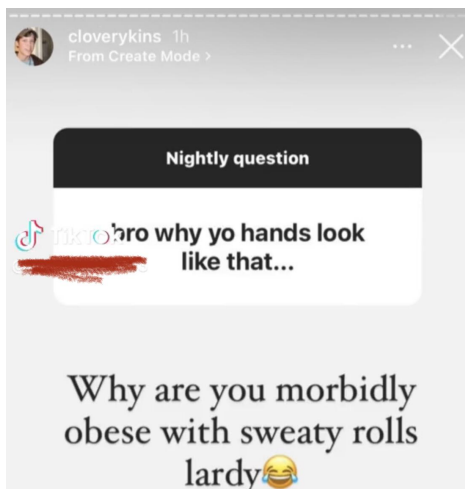

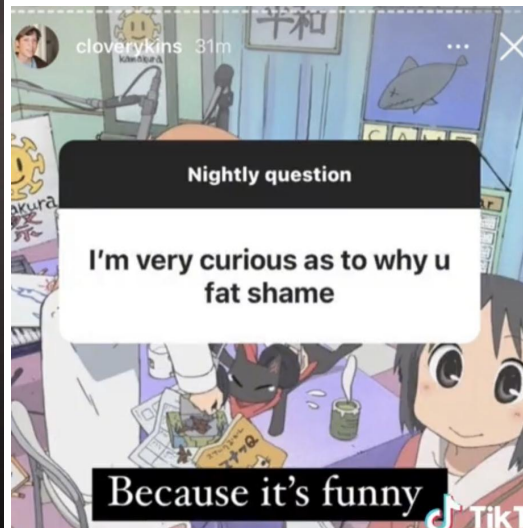

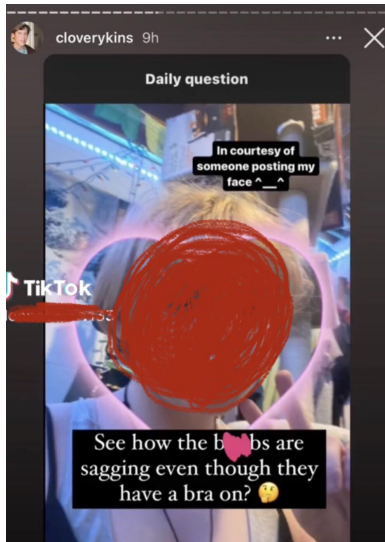

Lottie: **“See how the boobs are sagging even though they have a bra on?”**

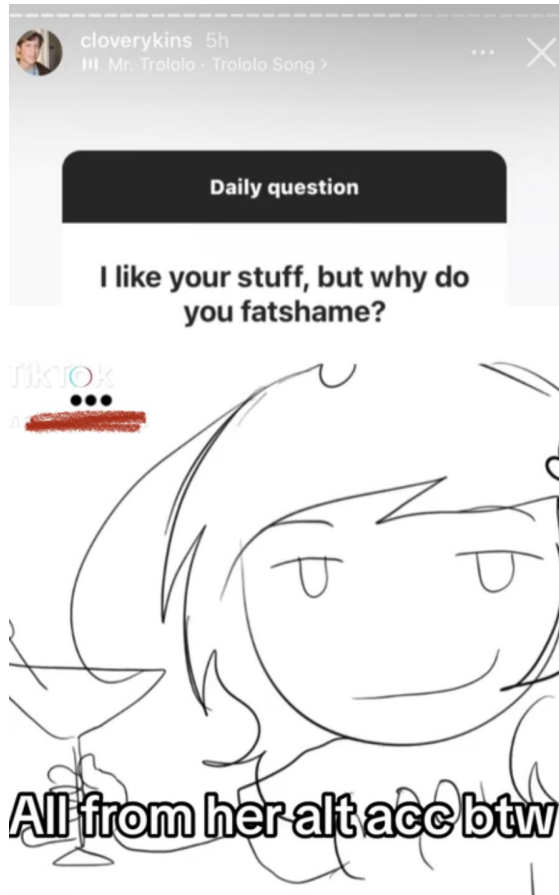

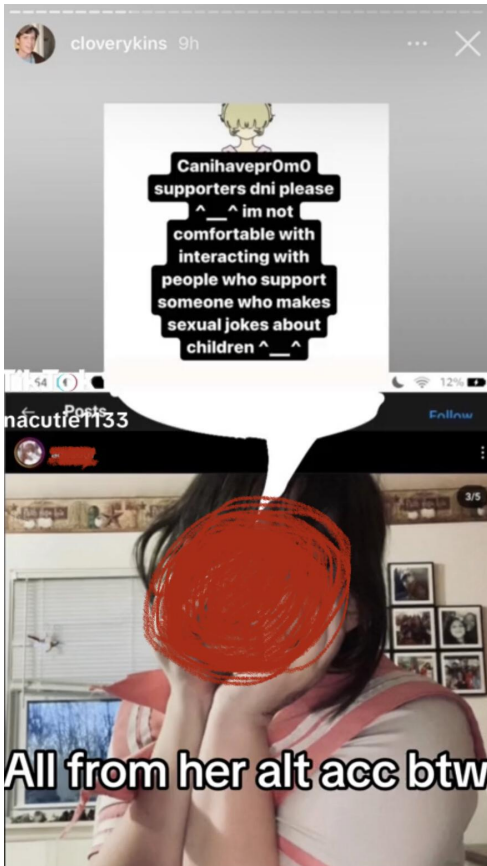

Anon: **“I'm very curious on to why you fat shame?”**

Lottie: **“Because it's funny.”**

Lottie: **“Why are you morbidly obese with sweaty rolls lard 😂”**

Lottie: **“Are you mad I still look young while you're over there gaining pounds like a pig”**

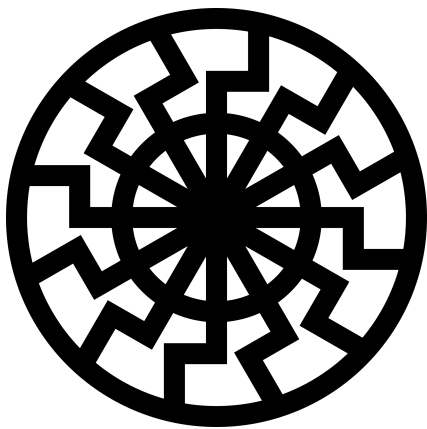

5. Racist/Nazi Symbolism/Discord

Sieg heil

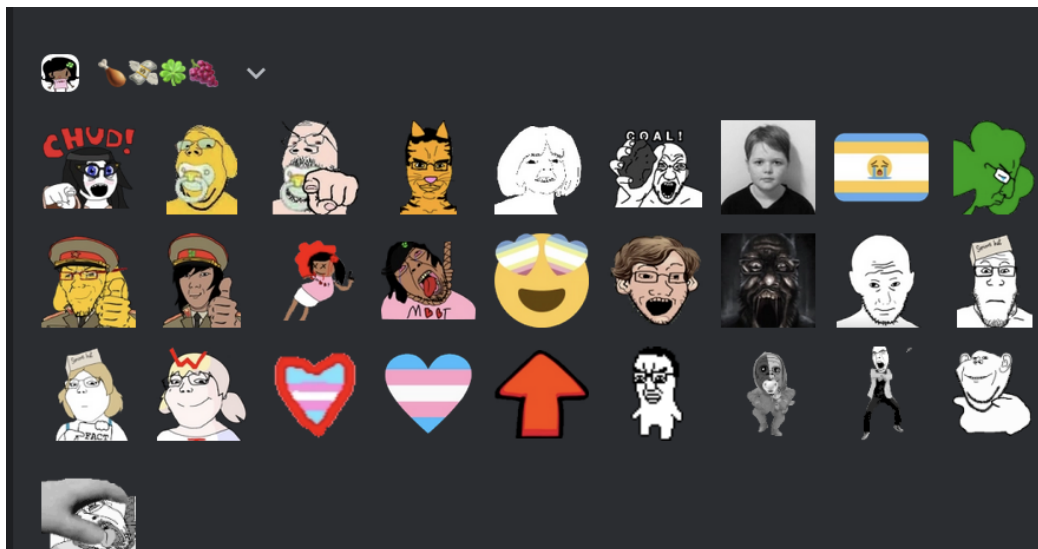

The sieg heil salute, used by Hitler/Nazi soldiers during the 1930s during the Nazi Germany era. is an **offensive gesture used to represent victory. This pose is done by extending the arm in the air with a straightened hand.**

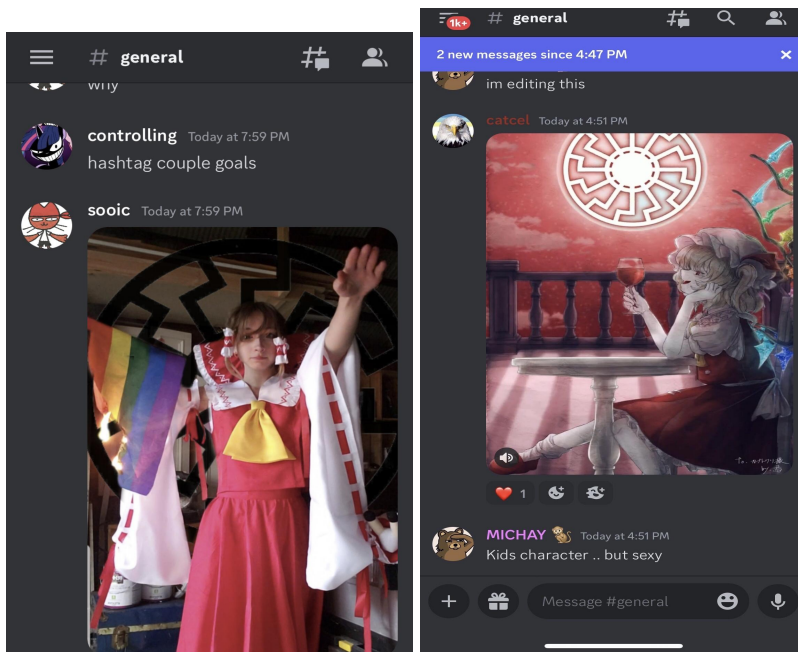

“The term Black Sun (German Schwarze Sonne), also referred to as the Sonnenrad (the German for "Sun Wheel"), is a symbol of esoteric or occult significance, notable for its **usage in Nazi mysticism**. Today, it may also be used in occult currents of Germanic neopaganism, and in Irminenschaft or Armanenschaft-inspired esotericism.”

link > [https://religion.fandom.com/wiki/Black_Sun_\(symbol\)](https://religion.fandom.com/wiki/Black_Sun_(symbol))

These are the current emojis on Lottie's server you can see that she has herself in a wojak style as a nazi and committing suicide. You can also see the crying emoji flag as well as the MAP/Pedo flag on the heart eye emoji.

Lottie's server members have been seen posting photos of touhou/anime characters with the **black sun symbol** in the background.

And recording themselves in cosplay doing **offensive gestures and burning** the LGBTQ flag on video. The video sent in the chat > <https://imgur.com/a/h1DqjH2>

In the discord server, you will also find people doing racist jokes, like black face such as non POC/african american. **Black face is a really offensive form of makeup used to portray a black person.**

People have also made edits of Lotties face on Adolf Hitler.

Lottie School Shooter/Offensive Art

Columbine High School Massacre

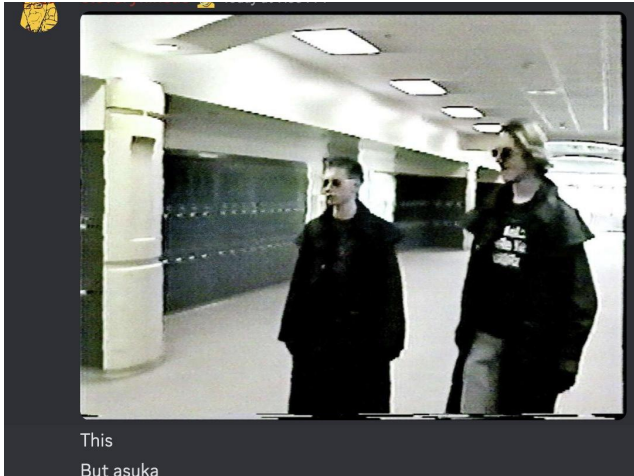

"The Columbine shooting on April 20, 1999 at Columbine High School in Littleton, Colorado, occurred when **two teens went on a shooting spree, killing 13 people and wounding more than 20 others, before turning their guns on themselves and committing suicide.**" - History.com

<https://www.history.com/topics/1990s/columbine-high-school-shootings>

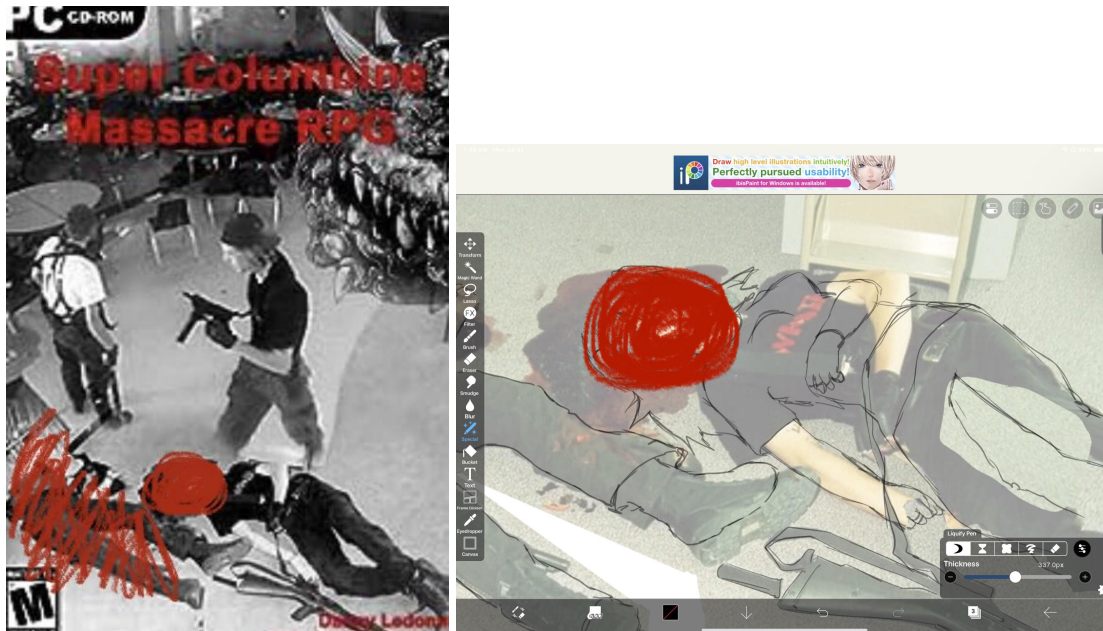

Two of the gunmen were **Eric Harris (18)** And **Dylan Klebold (17)**

In Lotties discord server, as we have discussed above, **Catcel is a school shooter and serial killer fanatic.**

In the server he is seen asking Lottie to draw him Rei and Asuka as the two males in the Columbine school shooting.

Lottie has gone as far as to **draw on a victim's dead body and replace it with Asuka over it**. This is extremely triggering and disrespectful. Down below I will show her illustrations as well as the original pictures.

Reminder: These are **REAL dead children**, real people she is making fun of.
This is not okay at all.

6. Cloverkins Discord Server/Harmful Problematic Members/Pedophilia

Canihavepromo/Cloverkins Discord members can be seen sending in things like

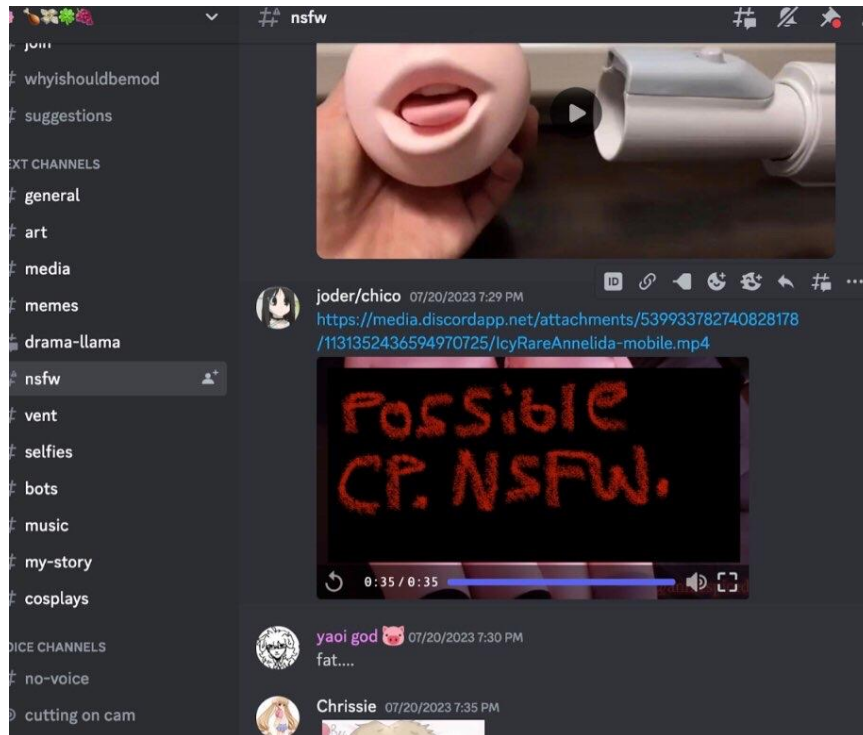

- Loli hentai.

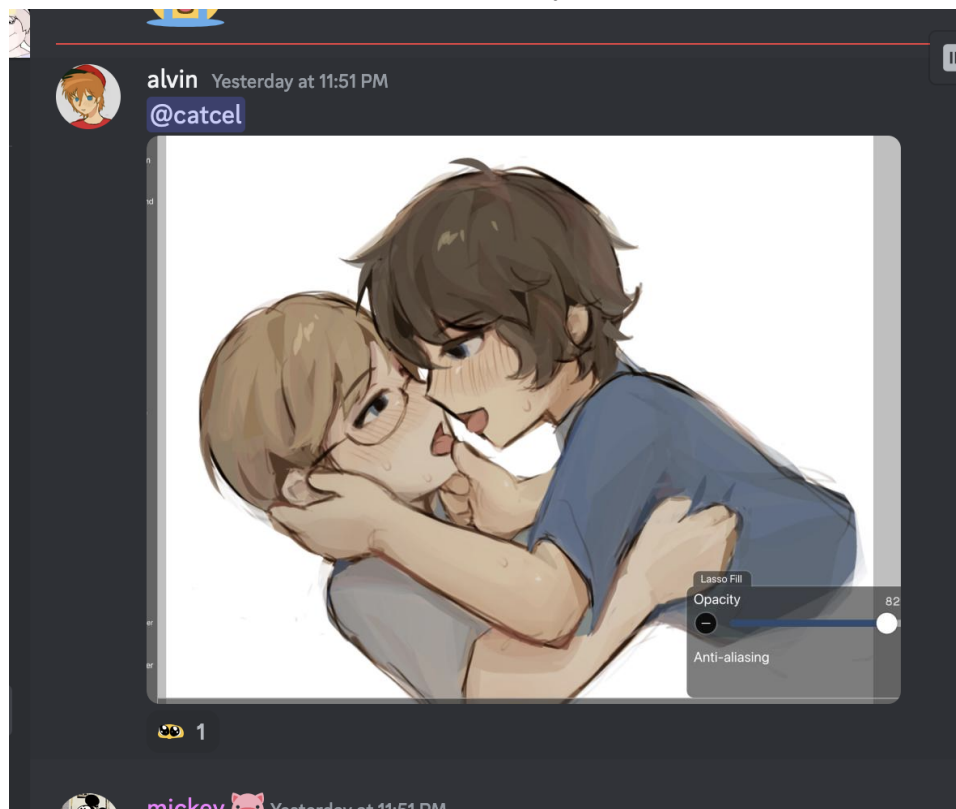

- Self harm. One of the voice channels used to be called, “cutting on cam.” (referring to self-harm.)

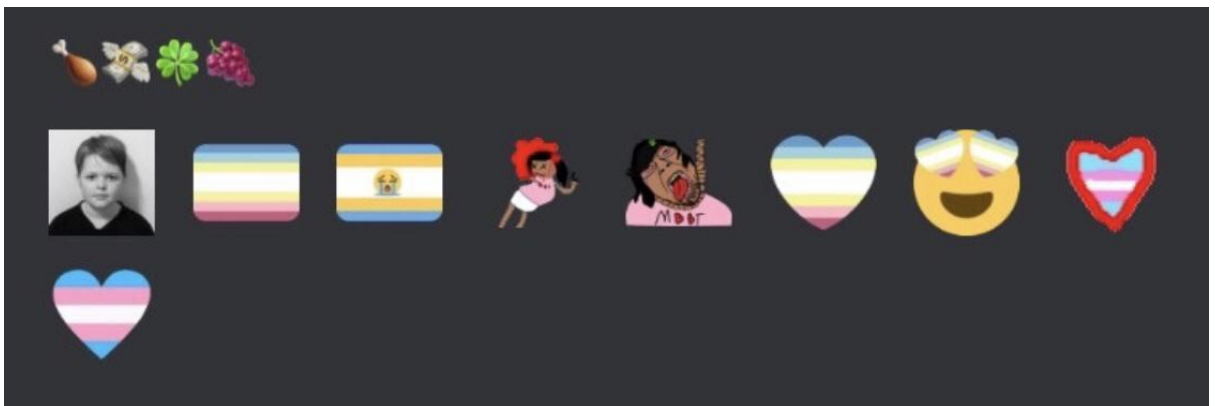

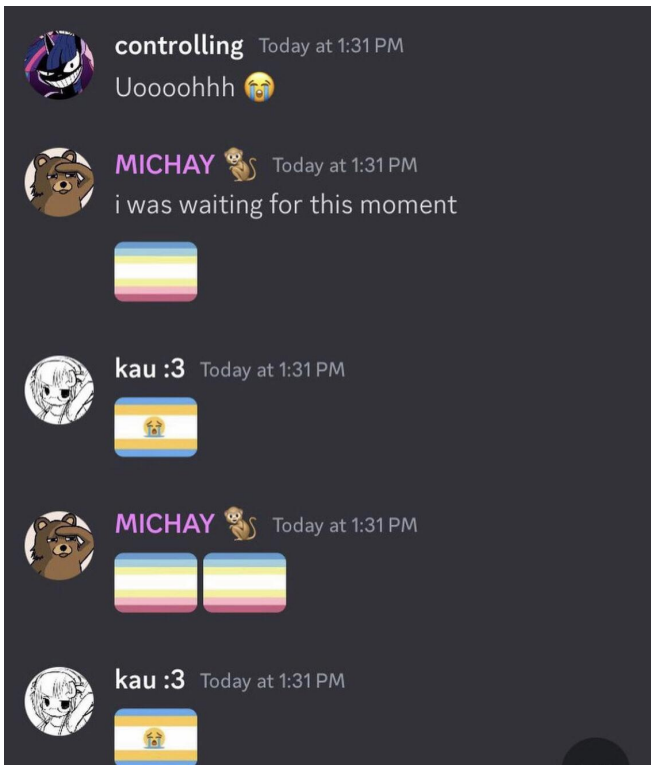

- Possible CP/NSFW.

- More fanart dedicated to Catcel and Jeffery Dahmer/Adam Lanza.

- Engaging in sending things like the MAP flag.

Conclusion

Lottie is an extremely talented individual, who unfortunately chose to associate with all sorts of disgusting people, despite trying to appear as someone with decent morals, trying to clear any past wrongdoings that they haven't improved from. Over time people have tried to deplatform her but it simply doesn't work. Many artists on all sorts of platforms see this and simply don't care and associate themselves along with lottie. People just let her get away with it, no one should have a platform when all they do with it is conjure up filth and drama that affects others. We hope you'll maybe realize that acting like this really does come back to you. That maybe you should change, maybe you should leave it.
